CHECK IT OUT: HOME WATER USE

Use this worksheet to find other ways water is used at home indoors and outdoors. Have a parent help you do the survey and bring back to class.

MY WATER USE HABITS

1. I make sure we keep drinking water in the fridge.

yes no

2. I make sure there are full dishwasher loads.

yes no

3. I use a bucket when I help wash the car.

yes no

4. I use a broom to clean walks and driveways.

yes no

5. I make sure we water the lawn and not sidewalks.

yes no

TAKE A GUESS?

I think it will take _____ seconds to fill a half gallon carton from an outside faucet.

HOME WATER SURVEY

We have _____ sinks, _____ dishwashers and _____ washing machines in our kitchen and laundry.

I found that we have _____ dishwashers and _____ washing machines that save water.

We have _____ outside faucets. I found _____ of these dripping. We have _____ hoses and _____ sprinklers.

I found that we have _____ quick shut-off nozzles on our hoses. I think we use _____ gallons of water when we wash our car.

HOUSEHOLD WATER TIPS

- Wash only full loads of clothes and dishes.
- Use a bucket and shut-off nozzle to wash cars.
- Use a broom to clean walks and driveways.
- Water lawns early in the morning.
- Help a parent fix leaky faucets.
