Detecting leaks is one of the most effective actions you can take to prevent water waste.

Report leaks in your apartment to your property manager immediately.

HOW TO REPORT:

DID YOU KNOW? Running toilets can use more water than taking 15 showers a day.

Toilets are the top source of leaks in homes.

Learn the signs of a running toilet:

- You hear or you see your toilet tank refilling constantly or between flushes.
- You need to jiggle the handle to stop the toilet water from running.

Visit savingwater.org for information about these tips and other water-saving resources for your home.
